Digital Art Requirements

Software Applications:

Corel Draw 8.0 (.CDR, .CMX)	Corel Photopaint (.CPT)	Gerber Graphics Advantage (.GAD)
Signlab Expert 5.1 (.CDL)	Photoshop 4.0 (.PSD)	Illustrator 8.0 (.AI)
Quark Xpress 4.0 (.QXD)	Casmate (.CSV)	
Pagemaker 6.5 (.PM6)		

File Formats:

Native files from any of the above applications
 .EPS* - Vector only, no embedded bitmapped images.
 Text as outlines.
 .AI* /Adobe Illustrator(save as version 6.0-thru-8.0)
 Text as outlines.
 .TIF**
 .DXF
 .GAD

* It is preferable that all fonts be converted to paths (or curves).
 When converting to paths is not possible, fonts may be substituted
 for a similar font, or you may include all fonts in a PC - TrueType
 format..

** TIF images should be saved at the size to be printed and
 at 150 dpi minimum to 300 dpi as an RGB file. Files not to
 size or proportional dpi required may result in a poor final
 output.

Compression: Both STUFFIT and ZIP compression
 schemes are acceptable.

Disk Format:

PC (preferred)
 Macintosh
 Iomega Zip Disk
 3.5" HD disk (for Vector artwork)
 CD-ROM

Please identify application the document was originally created in and include all accompanying digital
 graphic files,ie: EPS, Pict, TIF ect.

QUARK users -When sending a quark file from
 a Macintosh platform, please export each page as
 an EPS file. If this is not possible please include
 all fonts as PC True Type fonts.

.....
Gradients in vector artwork will have to
 be re created in most cases. This is due to
 the limitations to export and import from
 program to program. Please include a good
 color hardcopy to recreate the gradients.

Some files require extra cleanup time for
 outputting to vinyl plotter or router table.
 There may be an additional fee for prepar-
 ing the art work for these services.

Note that files can be e-mailed to:
seemore@kc.net

Please do not let file size exceed 1.5 meg.
 To ensure prompt reception of your file
 please call and let us know that your
 document will be sent electronically.

.....

Please send with your files a hard copy proof of what the finished output should look like (Color
 Preferred) when requesting wide format printing.

Neglecting to include any one of these items will result in additional fees assessed by the Art
 Department at See-More Signs for sourcing or re-creating the missing items.
